Apart from these, sixty-six (66) numbers of websites of various State Govt Departments/Directorates/Organisations/Colleges of Tripura including the State Portal of Tripura have been managed by DIT.

Workshop On 'Aspects of Web Application Security'

The State level workshop on 'Aspects of Web Application Security' has been successfully organised by Directorate of Information

Technology, Govt. of Tripura in association with Standardisation Testing and Quality Certification (STQC) Directorate, Ministry of Electronics and Information Technology (MeitY), Govt. of India on 13th and 14th June, 2019 at Pragna Bhaban, Agartala . Total 30 officials/developers from various State Govt. Departments had attended the training programme. Various security aspects on web application including OWASP (Open Web Application Security Project) are discussed. The OWASP Top 10 is a powerful awareness document for web application security. It represents a broad consensus about the most critical security risks to web applications. The session ended with a concluding remark on secure code practice.

Training program on TFD-MIS (Tripura Forest Department-Management Information System)

TFD-MIS (Tripura Forest Department-Management Information System) is an application developed by Directorate of Information Technology for Forest Department, Govt. of Tripura. A training program on TFD-MIS has been successfully completed on 3rd June, 2019 at IT Bhavan, Agartala. Many officials/developers from Forest Department, Govt. of Tripura had attended the training program. The training program had been conducted by the officials from DIT.

COMMON SERVICE CENTER

As on June 2019, total 1432 nos. Common Service Centers (CSC's) has been registered and 892 CSCs are at Gram Panchayat (GP) level. 782 nos. of gram panchayats(GP's) have been covered with at least 1 CSC in each GP. 58085 numbers of CSC Digital Seva transactions have been recorded with value of Rs.1, 43, 58,008/- during April to June, 2019.

Digital Village

Digital Village aims to make the root of Indian Society - "The Villages" digitally connected and every rural citizen digitally literate. Ministry of Electronics and Information Technology (MeiTY) has initially selected eight villages in Tripura under the Digital Village Campaign where the target is to provide all e-Governance Services to the rural citizens through the medium of CSC Center. CSC Center will act as a one stop channel to digitally connect the entire population of the Village. Digital village has been implemented in 8 numbers of gram panchayats (1 GP per district) in Tripura till date.

Tele-Law programme

The Government of India launched 'Tele-Law' programme with a aime to provide legal aid services in rural areas through digital technology in 20th April, 2017. The project initiates to connect citizens with lawyers by the Para-Legal Volunteers stationed at identified panchayats. This e-interaction between lawyers and people would be through the video-conferencing infrastructure available at the CSCs. 3012 numbers of Tele Law Cases have been registered and legal advices have been provided through CSCs in Tripura during April to June, 2019.

DigiGaon

DigiGaon scheme can contribute in a substantial way to the promotion of Digital India program by extending its reach into rural and remote corners of the country and availing its access to every household. To give thrust to digital infrastructure as a utility to every rural citizen; governance and services on demand; and digital empowerment of every citizen of rural India, CSC is going to transform Villages into DigiGaon. DigiGaon has been implemented in 16 numbers of gram panchayats.

PMJAY/Ayushman Bharat

Ayushman Bharat Yojana or National Health Protection Scheme aims to provide a service to create a healthy, capable and content new India. It has two goals, one, creating a network of health and wellness infrastructure across the nation to deliver comprehensive primary healthcare services, and another is to provide insurance cover over 10.74 crore poor, deprived rural families and identified occupational categories of urban workers' families as per the latest Socio Economic Caste Census (SECC) data, both rural and urban providing coverage upto 5 lakh rupees (per family per year) for secondary and tertiary care hospitalization.
